G 8. *Other inspection and service fees*

a. Other inspections outside of the normal business hours (8:00 a.m./5:00 p.m.) shall be a minimum fee of ~~\$288.00~~ **\$296.00** per inspector providing a maximum of two hours of inspection per trip. Additional consecutive hours of inspection are ~~\$144.00~~ **\$148.00** per hour per inspector. Inspector is defined as a building inspector, electrical inspector and/or a deputy fire marshal.

b. Re-inspection fees when required shall be ~~\$144.00~~ **\$148.00** per hour, with a minimum of ~~\$72.00~~ **\$74.00** per inspection.

c. Inspections for which no fee is established shall be ~~\$144.00~~ **\$148.00** per hour, with a minimum of ~~\$72.00~~ **\$74.00** per inspection

Exhibit A

d. Additional plan review time required due to changes or revisions to already approved construction documents and plans shall be calculated at ~~\$144.00~~ **\$148.00** per hour, but shall not exceed an amount equal to the original plan check fee. Major revisions to construction documents or plans after approval or during plan review shall require a new plan review fee.

e. There shall be a ~~\$30.00~~ **\$31.00** issuance fee added for each permit identified in Tables I (Building Permit Fees), VI (Grading and Erosion Control Permit and Plan Review Fees), and VII (Fire Fees).

f. Permit fees not clearly defined by this section, or fees that are found by the building official and/or fire code official to be inequitable using a valuation base, shall be determined by the building official and/or fire code official by using a rational cost-of-service analysis. Fee determinations in such cases shall be made available to the public and disseminated to the applicable segments of the construction industry for use in future such cases.

g. Expiration date extension fee. A fee of \$40.00 shall be assessed to process a permit expiration date extension request for CMI and RES permits. A fee of \$26.00 shall be assessed to process expiration date extension requests for other permit types covered under this title.

h. *Fee refunds*. Requests for fee refunds must be made in writing by the permittee. The building official and/or fire official may authorize refund of a fee paid as follows:

i. Refunding of not more than 80 percent of the permit fee paid when no work has commenced under a permit issued in accordance with this code.

ii. Authorize refunding of not more than 80 percent of the plan review fee paid when an application for a permit for which a plan review fee has been paid is withdrawn or canceled before any examination time has been expended.

iii. There shall be no refunding of any fee paid except upon written application filed by the original applicant no later than 180 days after the date of fee payment.

i. *Re-inspection/Trip Fees*. A re-inspection/trip fee may be assessed for each inspection or re-inspection when such portion of work for which inspection is called for is not complete or when corrections called for are not made.

i. Re-inspection/trip fees are designed to discourage the practice of calling for inspections before the job is ready for such inspection or re-inspection.

ii. Re-inspection/trip fees may also be assessed under the following circumstances:

A. When the inspection record card and permit is not posted or otherwise available on the work site.

B. When approved plans are not readily available to the inspector for failure to provide access on the date the inspection is scheduled.

C. When there is deviation from the approved plans.

D. When required corrections have not been completed upon request for re-inspection.

E. When the cost per hour of inspection or re-inspection has exceeded the permit fee paid. A minimum of three inspections per category are allowed for all "single permit fee" permits.

iii. The permittee or their designated agent shall pay the required fee as set forth in the fee schedule and noted in the re-inspection/trip fee notice.

iv. In instances where re-inspection/trip fees have been assessed, additional inspection of the work will not be performed until the required fee has been paid.

v. Reinspection/trip fees will be assessed on Electrical, Plumbing and Mechanical Permits where the number of requested inspections exceeds two. Reinspection fees may be assessed on all other permits where the number of requested inspections in a required inspection category exceeds three. See VMC 17.08.090(G) for limited trade reinspection fee requirements.

j. *Work commencing before permit issuance*. Any person who commences any work on a building, structure, electrical, gas, mechanical, plumbing system, fire sprinkler, fire alarm system and/or other fire code permits before obtaining the necessary permits shall be subject to an investigation fee established by the building official and/or fire code official in addition to the required fees as set forth in this code.

i. The investigation fee for work commencing before permit issuance shall be the same as the required permit fees contained in the fee tables.

ii. The investigation fee shall be paid prior to or at the time of the permit issuance.

iii. The payment of the investigation fee shall not exempt an applicant from compliance with all provisions of the Vancouver Municipal Code or other applicable laws.

iv. Such investigation fees may be in addition to any other penalty assessed under VMC Title 22.
